

## Notice of Critical Status For

### Communications Workers Local 1109 Pension Plan EBSA/PUBLIC DISCLOSURE Plan No. 001 EIN 22-6298155

2012 JAN 31 PM 12:49  
This is to inform you that on ~~December 28, 2011~~ the plan actuary certified to the U.S. Department of the Treasury, and also to the plan sponsor, that the Plan is in critical status for the Plan Year beginning **October 1, 2011**. Federal law requires that you receive this notice.

#### Critical Status

The Plan is considered to be in critical status because the sum of the plan's normal cost and interest on the unfunded benefits for the current plan year exceeds the present value of all expected contributions for the year; the present value of vested benefits of inactive participants is greater than the present value of vested benefits of active participants; and the plan has an accumulated funding deficiency as of September 30, 2016.

#### Rehabilitation Plan and Possibility of Reduction in Benefits

Federal law requires pension plans in critical status to adopt a rehabilitation plan aimed at restoring the financial health of the plan. The law permits pension plans to reduce, or even eliminate, benefits called "adjustable benefits" as part of a rehabilitation plan. If the trustees of the plan determine that benefit reductions are necessary, you will receive a separate notice in the future identifying and explaining the effect of those reductions. Any reduction of adjustable benefits (other than a repeal of a recent benefit increase, as described below) will not reduce the level of a participant's basic benefit payable at normal retirement. In addition, the reductions may only apply to participants and beneficiaries whose benefit commencement date is on or after **January 27, 2012**. But you should know that whether or not the plan reduces adjustable benefits in the future, effective as of January 27, 2012, the plan is not permitted to pay lump sum benefits (or any other payment in excess of the monthly amount paid under a single life annuity) while it is in critical status.

#### Adjustable Benefits

The plan offers the following adjustable benefits which may be reduced or eliminated as part of any rehabilitation plan the pension plan may adopt:

- Early retirement benefit or retirement-type subsidy; and
- Normal retirement age

#### Employer Surcharge

The law requires that all contributing employers pay to the plan a surcharge to help correct the plan's financial situation. The amount of the surcharge is equal to a percentage of the amount an employer is otherwise required to contribute to the plan under the applicable collective bargaining agreement. With some exceptions, a 5% surcharge is applicable in the initial critical year and a 10% surcharge is applicable for each succeeding plan year thereafter in which the plan is in critical status.
