

## Notice of Critical Status For

Employer-Teamsters Local Nos. 175 & 505 Pension Trust Fund

2017 MAY 1 AM 11:46

EBSA/PUBLIC DISCLOSURE

This is to inform you that on March 31, 2017 the plan actuary certified to the U.S. Department of the Treasury, and also to the plan sponsor, that the plan is in critical status for the plan year beginning January 1, 2016. Federal law requires that you receive this notice.

### **Critical Status**

The plan is considered to be in critical status because it has funding or liquidity problems, or both. More specifically, the plan's actuary determined that the plan was in critical status last year and, over the next 9 years, the plan is projected to have an accumulated funding deficiency.

### **Rehabilitation Plan and Possibility of Reduction in Benefits**

Federal law requires pension plans in critical status to adopt a rehabilitation plan aimed at restoring the financial health of the plan. The law permits pension plans to reduce, or even eliminate, benefits called "adjustable benefits" as part of a rehabilitation plan. If the trustees of the plan determine that benefit reductions are necessary, you will receive a separate notice in the future identifying and explaining the effect of those reductions. Any reduction of adjustable benefits (other than a repeal of a recent benefit increase, as described below) will not reduce the level of a participant's basic benefit payable at normal retirement. In addition, the reductions may only apply to participants and beneficiaries whose benefit commencement date is on or after April 29, 2013. But you should know that whether or not the plan reduces adjustable benefits in the future, effective as of April 29, 2013, the plan is not permitted to pay lump sum benefits (or any other payment in excess of the monthly amount paid under a single life annuity) while it is in critical status.

### **Adjustable Benefits**

The plan offers the following adjustable benefits which may be reduced or eliminated as part of any rehabilitation plan the pension plan may adopt:

- Post-retirement death benefits;
- Sixty-month payment guarantees;
- Disability benefits (if not yet in pay status);
- Early retirement benefit or retirement-type subsidy;
- Benefit payment options other than a qualified joint-and survivor annuity (QJSA); and
- Recent benefit increases (i.e., occurring in past 5 years).

### **Employer Surcharge**

The law requires that all contributing employers pay to the plan a surcharge to help correct the plan's financial situation. The amount of the surcharge is equal to a percentage of the amount an employer is otherwise required to contribute to the plan under the applicable collective bargaining agreement. With some exceptions, a 5% surcharge is applicable in the initial critical year and a 10% surcharge is applicable for each succeeding plan year thereafter in which the plan is in critical status. In the event the bargaining parties are able to negotiate a either a Default Schedule or an Alternative Schedule under the Rehabilitation Plan as part of the Collective Bargaining Agreement prior to the effective date of the surcharges, then the obligation for the Contributing Employers to pay the surcharges may be eliminated. Separate notice will be provided in regard to these surcharges.

### **Where to Get More Information**
