

**Notice of Endangered Status for
Illinois State Conference of Operative
Plasterers and Cement Masons Retirement Plan**

This is to inform you that on March 30, 2011 the plan actuary certified to the U.S. Department of Treasury, and also to the plan sponsor, that the plan is in endangered status for the plan year beginning December 31, 2010. Federal law requires you receive this notice.

Endangered Status

The plan is considered to be in endangered status because it has funding or liquidity problems, or both. More specifically, the plan's actuary determined that the plan's projected funded percentage for the 2010 – 2011 plan year is less than 80%.

Funding Improvement Plan

Federal law requires pension plans in endangered status to adopt a funding improvement plan aimed at restoring the financial health of the plan. A funding improvement plan was adopted for this plan on November 18, 2009. The law permits pension plans to improve the plan's funding by (1) increasing employer contribution rates only; (2) decreasing future benefit accruals only; or (3) a combination of both. The current contribution and benefit rates meet the requirements of the funding improvement plan.
