Subject: EBSA Proposed Rule Fee and Expense Disclosures to Participants in Individual Account Plans [04/25/2007]

Hello,

I encourage the Department of Labor to mandate that all 401k providers must clearly report each fee and the total fees charged for their service. There is no reason to continue to allow providers the opportunity to fleece american workers with excess fees that are hidden and virtually unknowable by most workers. Full disclosure of fees is essential to creating a competitive environment for 401k providers.

Thank you.
