Mr. Thomas E. Perez
Secretary of Labor
Department of Labor
200 Constitution Avenue, NW
Washington, D.C. 20510

Dear Secretary Perez,

I'm contacting you, as your constituent, on behalf my wife and myself to encourage your support of legislation to eliminate abuse of current laws by unscrupulous persons regarding our retirement savings because of loopholes in the current law. The disabuse of our retirement funds through hidden fees, unfair risk-taking, bad investment advice, and other tactics that negatively affect our funds and diminish the value of them must be stopped!

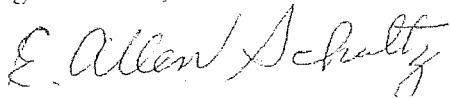

Both of us are in our late 80's, living on very limited financial resources while still leading active and productive lives. We hope to live independent lives without reliance on "outside" support of our state or national government. Therefore, we need to be certain that our meager retirement savings are not jeopardized in any way by "hidden" and unnecessary costs due to existing loopholes in the current laws.

We hope we can count on your support toward abolishing these inconsistencies in current laws thus preventing opportunists from taking advantage of those of us who worked hard over many years toward building financial security to assure our future as viable, productive citizens in our final, "golden" years.

In confidence in your commitment and discretion, and our thanks to you for your unselfish public service,

On behalf of my wife and me,

All good wishes,

E. Allen Schultz
