Comment on FR Doc # 2015-14921

Submitter Information

Name: George Gianacakos

General Comment

As an Investment Advisor with 28 years of working with the public, I wanted to express my opinion.

Americans that are planning for their future need more financial guidance as the record shows that many are not prepared for retirement.

I think any new regulations that limit available options for planning will increase the number of Americans that are not prepared financially.

The focus should not be solely on low costs but on the value that is delivered to my clients.
