General Comment

In the lasting words of Ben Franklin, "Mind Your Business".

Wait! You're MY government & don't have a business, but still want a piece of the pie. My pie!

Now you're wanting to "regulate" my retirement account. Anyone who believes that will help with protecting and growing their funds deserves to have the "government" control their money as well as their water, carbon foot print and everything else they do. As for me... "Mind Your Business". And quit growing it at our expense!
