General Comment

The Lord Jesus Christ, my Saviour has delivered me from my sins, whom has given me the ability to work and the Godly wisdom to set aside resources for my families retirement. Therefore; the Lord has blest me with the gift of investing in financial vehicles through an IRA, 410k or other financial tools, and the Lord Jesus has entrusted me with the responsibility of caring for my family's financial well being now and into retirement. Henceforth; not any government department or agency shall interfere in controlling my retirement means or anybody's retirement plan, because it is my money and I know best how to manage it. Just look at how any government body, department or agency manages my taxes that I pay along with other hard working tax payers, the people in these government positions are completely inept and irresponsible in the financial well being of this nation by the enormous national debt and out control spending and the uncertainty of my social security that I pay in every pay check!!! Keep your irresponsible hands off of my IRA, my 401k and my other retirement resources, because you are not trusted!!!

This is America, Home of the Brave and the Land of the Free, let the American people freely manage their retirement without government interference and control.

Thank you.

Sincerely Trusting in Jesus,

Richard Bauch
