## General Comment

I am smart enough to have planned for my own retirement! I am smart enough to know how to spend/save/use the retirement that I have spent a lifetime accumulating. I am PROBABLY smarter than any one in your department since I know for a fact that my IQ tested out years ago at OVER 170. I am perfectly capable of taking care of my own finances, thank you, but I CAN NOT afford to take care of the finances of the many, many people who THINK they know better than I do what I want, need, must have, will not do. GET THE GOVERNMENT AND THE BUREAUCRATS OUT OF MY LIFE. This USED TO BE the land of the free - and the home of the brave. Now, it has become the land of the special interests, the would-be dictators, the busy-bodies, and the home of the "Slaves to the State"! Have you ever read Orwell's "1984"? You should - and then shudder as you realize he is describing 2015!!!.

I cannot give you my name --- it has become "politically incofrect" to want to think for yourself - and it's become obviovous that you bureaucrats will do what you can to destroy those who do not toe the Party line!
