REFERENCE : Dept. of Labor Fiduciary Rule

Dear Sir:

My wife and I are both hard working Americans who want to insure our retirement dollars are safe. Too many Texans are pressured into retirement funds and investments that do not fit their goals and needs.

The Registered Representatives have tricked the SEC and the public long enough and need to be held accountable.

PLEASE ! Protect Americans by making sure this Fiduciary Rule goes into effect as soon as possible.

Sincerely,

Mr. and Mrs. Brian Wenzel
