Hi, I am a dependent under my mother's insurance plan through her employer William Floyd School District in Mastic Beach, NY. I contacted the district to get information about the new laws and regulations passed for coverage of dependents until the age of 26, they responded that the law does not apply to them. I found it hard to believe that a federal law would not apply to them, I gave them a link to the site where I was getting my information from and asked for an explanation of why this did not apply to them, they responded that they are self-insured. I read further into the new law and found that self insured companies are mandated to this law, as long as they provided coverage for dependents in the past. I seem to get no where with them, when they do answer it's one sentence. Any help or advice would be greatly appreciated, thank you so much.
