August 9, 2010

Kathleen Sebelius, Secretary  
US Department of Health and Human Services  
200 Independence Avenue, SW  
Washington, D.C. 20201

Dear Secretary Kathleen Sebelius,

Under your authority in Section 1302 of the Patient Protection and Affordable Care Act ("The Act") to determine the categories of services which will be defined as "essential benefits" with respect to a broad range of health care plans, please, provide my community complete access to the full complement of Chiropractic Services.

As a Chiropractic Neurologist, may I further specify that following 5 years of post doctorate education with Electro Diagnostic Certificate, my community needs me to deliver Electro Diagnostic services to manage their serious health issues. Differentiating issues as serious as A.L.S. and Gullian Barre' is critical for my community and for many, I am their only source of that service. So, please, provide Chiropractic Neurology as "essential benefits".

You have received letters from my community in support of Chiropractic Neurology services designation as "essential benefits"

Thank you for your service and favorable response to my communities letters of request.

Sincerely,  
Dr. Brian E. Palevac
