Subject: Thank you for supporting birth control!

Dear Kathleen Sebelius, Secretary of Health & Human Services,

I am so glad the Department of Health & Human Services decided to require health insurers to cover the full cost of contraception, with no co-pay, beginning in August 2012.

This policy is so important to women's health, and it is sadly not often supported in health care policy. Birth control is a critical part of preventive care, and making contraception available to all women, regardless of their insurance or ability to pay for it, will significantly reduce long-term health care costs associated with unplanned pregnancies.

Thank you for prioritizing women's basic health care needs.

Sincerely,

Laurel Veters
