Subject: Comment on Insurance Mandates
Date: Friday, August 05, 2011 7:37:33 PM

I am writing regarding the new mandates concerning preventive health services to be covered by insurance plans in the "Patient Protection and Affordable Care Act". I strongly oppose this mandate which deems pregnancy as an illness which must be prevented. I am also concerned about the narrow definition of "religious employer" which will severely restrict religious clinic and hospitals that oppose "birth control" and abortion.
