To Whom It May Concern:

I am writing today to ask in the strongest way possible that you rescind the unjust and coercive mandate that all "contraceptives" and sterilization procedures be covered by private health insurance with no co-pay to patients.

I, like millions of other Americans, do not want a penny of my money to be spent on paying for abortions or anything that promotes abortions. My husband owns his own company that employes approximately 160 people. We do not want to pay for abortions in the insurance policy we offer our employees.

When will you accept the fact that the majority of Americans oppose abortion on demand. Stop trying to force it down our throats or trick us into having to pay for it.

Sincerely,
Eunice Montfort
