To Whom It May Concern:

I am writing today to ask to you i agree with the President regarding the mandate that all "contraceptives" and sterilization procedures be covered by private health insurance!

Thank you for defining "religious employer" as one that must adhere to the American ideals that all people are equal and no organization or business may discriminate on the basis of religious objection. They may be allowed to teach what they want which is protected by the first amendment. Discrimination is not covered by that speech.

Sincerely,
Mark Patro
