Grand Rapids, MI, 49506

General Comment

It is terrible to think that organizations and/or citizens of this country would be forced by the government to participate in or provide for acts or services which violate their ethical or religious beliefs. For a country founded on freedom from tyranny to force this on its citizens is disturbing, at the least, and should not be tolerated. Exceptions should be granted to all religious organizations, including hospitals, universities, and other organizations which have have moral objections.
