Bakersfield, CA,

General Comment

Please do not force organizations to cover contraceptive medications or services and abortions for employees. This is a major violation of conscience and unethical and immoral. Contraceptives are often abortifacient and it is wrong to kill innocent life, especially the defenseless, weak and unborn. It should be a violation of church and state separation to force organizations of a religious nature to violate their deeply held beliefs against contraception and abortion. Please do not do the wrong thing by forcing this on anybody. It is just another way by our government to control the American people. Thank you.
