## Submitter Information

**Name:** mariah crail

**Organization:** bixby center for global reproductive health

---

## General Comment

Realize that contraception is part preventive care for women, and access to wide-ranging contraceptive care is in the best interest of women's health, children, and our communities.

Support cost-sharing for preventive care services like contraception.

We will not accept anymore unnecessary and unreasonable delays in access to contraceptive care as preventative health services.
