Comment on FR Doc # 2017-28103

Submitter Information

Name: S Drummond

General Comment

I oppose the allowance of watered down junk insurance plans which would further harm insurance marketplace by driving up insurance cost for those with preexisting conditions. My son has cystic fibrosis and this will result in increased costs to my family and a diminishment of his care. While the craven politics of the Mic ed are understandable, this is not in the public interests. If not now, the decent people of this country will do so after the traitors of the Trump regime have left office.
