## General Comment

I'm writing this as a means to state that I am supporting ID Code: RIN1210-AB91. I'm doing this as I don't think it's right for left wing people to be in control of individual persons retirement funds and to act in such a way as to improve themselves via the investing and other choices they make for activation purposes.

This bill will help do the following and I'm in favor of such!

save pension funds big money;  
push fund managers out of the social-justice shareholder activism business;  
force left-wing proxy-advisory firms to explain how their recommendations will earn pension funds money -- with politics not permitted!
