Document: EBSA-2020-0004-DRAFT-0273
Comment on FR Doc # 2020-13705

Submitter Information

Name: David Husemoller

General Comment

The government has no business telling me that I cannot direct my investment in energy of the future, that benefits the environment. As an American, I should the freedom to select retirement funds based on energy can help make the world safer for my children. This change is un-American.
