Financial Factors in Selecting Plan Investments

Document: EBSA-2020-0004-DRAFT-0612
Comment on FR Doc # 2020-13705

Submitter Information

Name: Ray Smith

General Comment

We need a 90 day comment period - not just 30.
This Proposed Rule completely neglects consideration of negative externalities associated with non-ESG type investments.
Thus a meaningful comparison between investments cannot be made.
This Proposed Rule is pandering to fossil fuel interests and not to the public good.
NO to this Proposed Rule
