Financial Factors in Selecting Plan Investments

Document: EBSA-2020-0004-DRAFT-0781
Comment on FR Doc # 2020-13705

Submitter Information

Name: Monica Clarke

General Comment

I support Secretary Scalia's rule to keep financial factors the only consideration for investors to consider when dealing with the retirement plans of other people. They are free to invest their own money wherever they see fit, but they should not consider anything else but financial growth for people trusting them with their retirement funds.
