

Economic Recovery DWG

Maine

TEGL No. 12-19

Additional DWG Resources

Period of Performance 11/01/21-10/31/2023 	Approved Amount \$800,000
Planned Participants 315 	Target Population Dislocated Workers

Coastal Counties Employment Recovery

Grant Number: DW-38022-22-60-A-23

*Counties of Cumberland, Knox,
Lincoln, Sagadahoc, Waldo and York.*

Economic Transition Factors

DWGs may be provided to eligible applicants demonstrating a community impact resulting from multiple small dislocations occurring over a period of up to 12 months that have significantly increased the number of unemployed individuals in a regional or local workforce area. Coastal Counties Workforce, Inc. provided data demonstrating that 14,391 unemployment claims were filed in the region as of July 2021, which constituted 48 percent of the state's total unemployment claims. Coastal Counties Workforce, Inc. also identified 17 local employers that laid off 586 workers in 2021, due to the economic impact of the coronavirus pandemic. These layoffs far exceed the local area's capacity to serve dislocated workers through its WIOA Title 1B Dislocated Worker formula program.

Proposed Outcome

This proposed grant will provide eligible participants with employment and training services to meet the workforce needs in the economy struggling to rebound from the pandemic.
