

Sir,

All State Workers &
Teachers should be able
to put there money where
they chose. IRA, 401K,
Get out of the Pension's
run by the Stock Market,
its not fair to the people
who don't have pension's
We can't get money raised
one dollar, then we got to
pay for there raises every
year "plus pension's". We
don't get raises every year.

NOT FAIR

We the people should be able to
vote on these issues. We

pay for them.
