Comment on FR Doc # 2019-22901

Submitter Information

Name: Richard McGonagle

General Comment

Think is yet another stab in the heart of the American worker by big business special interests. Like when they sold us a complete sham of a deal with 401Ks. Pension plans funded by both company and employees was an excellent and safe retirement system. 401Ks require everyone who participates to be a savvy stock trader. Yeah right. It was a foul and rotten deal and this is just another kick aimed at the workers. Shame on these people!
