General Comment

I do NOT want federal government interference in how my investments (IRAs, 401ks, etc.) are to be managed. I, and my financial advisor, will determine in which companies I will invest, without pressure or requirements from the federal or any level of government. It is my money; I earned it; and only I will determine how to spend and invest it. As a taxpayer, I demand you stop any government policies that limit or infringe in any way on how my money is to be invested.
