The EEOICPA provides lump-sum compensation and medical benefits to current and former nuclear weapons workers whose illness is a result of working in the nuclear weapons industry. Survivors of qualified workers may also be entitled to benefits.

Covered illnesses include but are not limited to radiation-induced cancer, chronic beryllium disease, beryllium sensitivity, chronic silicosis, or any illness due to exposure to toxic substances.

Representatives from the U.S. Department of Labor (DOL), U.S. Department of Energy and their Former Worker Program, National Institute for Occupational Safety and Health, and the DOL and NIOSH Offices of the Ombudsman will be presenting information.

Current and former employees of the Savannah River Site or any facility involved in nuclear weapons production who are not familiar with our program are encouraged to attend!
