Overview

The Black Lung Benefits Act authorizes monetary benefits to former coal mine workers (and their dependent survivors) who are totally disabled by occupational pneumoconiosis. This account, Special Benefits for Disabled Coal Miners, referred to as Part B of the Act, pertains to Black Lung claims filed on or before December 31, 1973. These monetary benefits support the Secretary's vision of *Promoting and Protecting Opportunity* and the Department's *Strategic Goal 4: Secure retirement, health, and other employee benefits and, for those not working, provide income security,* and *Strategic Objective 4.1: Provide income support when work is impossible or unavailable and facilitate return to work.* Historically, the Black Lung Benefits Act was administered by the Social Security Administration (Part B) and the Department of Labor (Part C). In FY 2002, Congress passed legislation permanently transferring responsibility for Part B to the DOL effective October 1, 2003, thus combining all components of program administration under the Black Lung Benefits Act and resulting in fiscal and operational efficiencies and improved service delivery. The program now carries responsibilities for both Parts B and C of the Act.

The beneficiary population covered by the Special Benefits for Disabled Coal Mine Workers appropriation is essentially closed and declining in number. The primary activities of the program are to ensure accurate and timely benefit payments. Service to these beneficiaries focuses on monitoring dependent eligibility and processing changes to the miner's or survivors' entitlement promptly. The program must also validate representative payee requests and accounting reports and seeks to implement new Federal financial management requirements, minimize erroneous payments, and increase administrative efficiencies.

Introduction

Special Benefits for Disabled Coal Miners implements Part B of the Black Lung Benefits Act. Part B provides benefits for coal miners totally disabled by pneumoconiosis who filed claims on or before December 31, 1973. Part B benefits are paid from General Funds. Historically, the statute divided program administration between the Social Security Administration (Part B) and the DOL (Part C). However, in FY 2002, Congress passed legislation permanently transferring jurisdiction to the DOL on October 1, 2003. All components of program administration under the Black Lung Benefits Act were thus combined, resulting in fiscal and operational efficiencies and improved service delivery.

The program strives to be a premier service organization, viewed by its stakeholders as a fair and balanced adjudicator that exercises sound case and fiscal management. Because the beneficiary population covered by the Special Benefits for Disabled Coal Miner's appropriation is essentially closed, the primary activities of the program are to ensure accurate and timely benefit payments. Service to these beneficiaries focuses on monitoring dependent eligibility and processing changes to the miner's or survivors' entitlement. The program also validates representative payee requests and accounting reports and seeks to implement new Federal financial management requirements, minimize erroneous payments, and increase administrative efficiencies.

Five-Year Budget Activity History

^{1/}Includes the Advance Appropriation requested in the prior fiscal year and excludes Advance Appropriation for the next Fiscal Year.

<u>FY 2017</u>

The FY 2017 Request is \$61,319,000 which includes administrative funding of \$5,319,000 and 16 FTE dedicated to Part B, and \$75,000,000 for benefits, of which \$19,000,000 is an advance appropriation that was provided in the FY 2016 Enacted level. An additional \$361,000 is also included for sequestration restoration. A \$16,000,000 advance appropriation is requested for the first quarter of FY 2018 to ensure continuity of benefit payments during the transition between fiscal year appropriations.

At the funding level requested in FY 2017, the program will focus resources on continuing to provide benefits to this beneficiary population in support of the Department's *Strategic Goal* 4: Secure retirement, health, and other employee benefits and, for those not working, provide income security, and Strategic Objective 4.1: Provide income support when work is impossible or unavailable and facilitate return to work by providing income support for an average of 11,300 Part B beneficiaries who are unable to work.

FY 2016

The FY 2016 Enacted level is \$89,941,000 which includes administrative funding of \$4,941,000 and 16 FTE dedicated to Part B and \$85,000,000 for benefits, of which \$21,000,000 is an advance appropriation that was provided in the FY 2015 Enacted level. In addition, a \$19,000,000 advance appropriation is requested for the first quarter of FY 2017 to ensure continuity of benefit payments during the transition between fiscal year appropriations.

FY 2015

The FY 2015 Enacted level was \$100,878,000 which includes administrative funding of \$4,878,000 and 16 FTE dedicated to Part B and \$96,000,000 for benefits, of which \$24,000,000 is an advance appropriation that was provided in the FY 2014 Enacted level. In addition, a \$21,000,000 advance appropriation was enacted for the first quarter of FY 2016 to ensure continuity of benefit payments during the transition between fiscal year appropriations.

Workload Summary

In FY 2017, OWCP projects an average of 10,000 Part B beneficiaries, which reflects the decline of the beneficiary population from FY 2016 and FY 2015. OWCP's activities of maintaining benefits for these Part B recipients support the program's core mission of processing benefits for claimants. Program activities include: payment of benefits, monitoring of beneficiary status for the suspension/termination of benefits, reinstatement of benefits, addition/deletion of dependents, conversion of benefits to widows upon death of miners, resolution of over/under payments, and representative payee determinations. OWCP will continue to meet new and evolving financial management requirements and achieve strategic and operational performance targets.
