Division of Energy Employees Occupational Illness Compensation

Medical Benefits Coverage

Overview

- Medical Benefits
- Regulatory / Policy Changes
- Home Health Care Authorization

Medical Benefits

- Covers cost of medical treatment linked to accepted work-related illness
 - Routine medical care including office visits, diagnostic services (lab and radiology services)
 - Prescription medications
 - Other services including inpatient care, outpatient services (chemotherapy, radiation treatment, etc.)
- Medical travel expenses
 - Transportation, lodging, meals, and misc expenses (tolls, parking, baggage, etc.)
- Durable Medical Equipment
 - Wheel chairs, hospital beds, oxygen and supplies

Additional Benefits

- Modification to vehicle or home
- Extended care facility
 - Residential nursing home, assisted living facility, etc.
- Hospice
- Home Health Care (HHC)
 - Skilled nursing-LPN, RN
 - Personal assistance-HHA, PCA
- Rehabilitative therapies
 - Physical/Occupation therapy

Provider Selection

- Claimant may choose provider
 - Provider listing of currently enrolled providers available via DEEOIC website
 - Must notify the DEEOIC in writing of any treating physician change, along with rationale or justification for the change
- DEEOIC does NOT endorse or sponsor medical providers
- Providers must meet simple requirements to enroll as a provider with the DEEOIC central bill processor
 - Licensing credentials
 - Accept electronic payments
- Home health, DME, home/auto modification and other ancillary service requests require pre-authorization

Enrolled Providers

- Claimants do not have to pay out of pocket costs for treatment with enrolled providers
- Bills processed electronically
 - Program pays bills based on established fee schedule (provider and claimant reimbursement)
 - Patient not responsible for difference between charged amount versus schedule fee payment
- Enrollment information available on DEEOIC website

Claimant Out of Pocket Reimbursement

- Claimant may obtain reimbursement for out of pocket costs for treatment of accepted illness
 - OWCP-915 for medical and prescription expenses
 - Include detailed description of services (statement of services/bill from provider is ideal)
 - Prescription Medication reimbursement require 11 digit NDC, day supply and quantity (non-prescription /OTC medications may not have an NDC)
 - Proof of payment required
 - OWCP-957 for travel expenses
 - Include receipts for airfare, lodging, rental car, gas (if rental approved), and all expenses exceeding \$75
 - Travel authorized at federal per diem

Reimbursement Address

- Identify case file number
- Claimant submitted reimbursement requests should be mailed to:

DEEOIC P.O. Box 8304 London, KY 40742-8304

Regulatory Change

- Regulatory change to EEOICPA
 - Final Rule published: February 8, 2019
 - Went into effect: April 9, 2019
- Updated existing regulations
- Removed obsolete terms
- Updated references
- Incorporated policy and procedural changes which have occurred since the regulations were last updated in 2006

EE-17A Form Overview

- Form EE-17A, Claim for Home Health Care, Nursing Home, or Assisted Living Benefits, is to be completed by an employee claimant with an accepted claim for medical benefits under EEOICPA
 - This form will only be used by employees that are requesting home health care benefits for the first time.
- The EE-17A is to be completed by the claimant, the claimant's authorized representative or power of attorney.
 - The form is available on DEEOIC's website and will be mailed to claimants with their condition acceptance package.

Policy Alignment

- In accordance with Home and Residential Health Care (HRHC) Chapter 30, PM version 3.1
- EEOICPA Circular 19-03: Targeted Case Management
 - Effective Date: April 25, 2019
 - Reimbursement coordinates with EEOICPA regulatory guidance

Targeted Case Management

Targeted Case Management (TCM) is a process of facilitating services that will assist eligible Division of Energy Employees Occupational Illness Compensation (DEEOIC) claimants to gain access to needed medical, social, educational, and other services directly related to their DEEOIC accepted condition(s).

- TCM is appropriate when there are multiple disciplines of care supplied by single or multiple service providers.
- TCM service providers consist of health care professionals, to include: skilled nurses, home health aides/personal care attendants, rehabilitative therapists, and other licensed/certified service professionals.
- The DEEOIC will authorize TCM services at a maximum of 15 minutes per week.
- TCM services may not exceed 26 units for a 6-month period without written medical justification.

Reimburses

- Initial evaluation of claimant's multiple disciplinary Plan of Care
- Identification of appropriate multi-disciplined care services to satisfy a physician prescribed Plan of Care.
- Facilitation of multi-disciplinary care to ensure compliance with physician prescribed care plan including recommended adjustments of service needs and communication with service providers to coordinate services

- Examples of billable Services, but not as TCM:
 - Initial Assessments for Home Health Care
 - Development of Plans of Care
 - Transportation to and from a claimant's residence and or any travel with the claimant to locations outside the home.
 - Periodic monitoring of adherence to care plan
 - Reassessments of ongoing care needs
 - Direct provision/delivery of professional care, medical, educational, social, or other services DEEOIC has authorized for reimbursement.
 - Ongoing education the claimant and/or their family.

- Services NOT included in TCM fee schedule base costs:
 - Supervision of home healthcare staff/contractors including certification of service notes or other documentation.
 - Routine monitoring, quality control or auditing of staff/contractors in the performance of their standard duties by more credentialed staff.
 - Services relating to provider credentialing with applicable state and federal laws.

TCM Services:

- DEEOIC defined TCM services to align with common health industry billing definitions, codes and practices.
- DEEOIC funds many services previously billed using TCM through the fee schedule using different coding that more appropriately align with the specific service a provider is performing. Moreover, DEEOIC considers certain activities, including employee/contractor supervision, continuing professional licensing or education requirement or monitoring of performance, to be included in the cost of performing authorized Home Health Aid or Registered Nursing Care. Authorized services performed must align to the appropriate fee schedule service to allow DEEOIC to process charges for payment.

Home Health Care (HHC) Request

- Always require pre-authorization by DOL
- Initial HHC pre-authorization requests require submission of the EE-17A and EE-17B forms
- Claimant must identify his/her treating physician's information on form EE-17A to initiate a home health care authorization request.
 - Temporary emergency requests continue to be handled separately and can be submitted directly through the central bill processor without forms EE-17A or EE17B (but if extended home health care will likely be required, we recommend filing the forms simultaneously with the temporary emergency authorization request).

Home Health Care (HHC) Request

- The treating physician will then submit letter of medical necessity and/or Plan of Care using form EE-17B.
- The Plan of Care should include":
 - Level of care required i.e., RN, LPN, HHA/PCA or other
 - Frequency of care required i.e., number of hours per day, per week for each type or level of care
 - Time period for which you will require in-home care
 - Medical evidence from non-treating physician is of reduced probative value

Home Health Care (HHC) Review

- Evaluation by Medical Benefits Examiner
- Medical necessity
 - Prescribed by treating physician
 - Linked to accepted illness(es)
 - Evidence of physical examination performed within the last 60 days
 - Medical justification must demonstrate the need for services
- Insufficient evidence to document medical need triggers development
 - Nurse Consultation Referral
 - Physician asked to clarify medical need

Home Health Care (HHC) Authorizations

- Written authorization mailed to claimant, physician, AR/POA (if applicable) & provider
 - Describes authorized service level/duration
 - Granted in 6 month increments or less depending on medical evidence
 - Billing instruction included
- Service charges payable ONLY during authorized dates
 - DOL may back-date authorization in certain situations
 - Bills must be accompanied by service/progress notes
 - Service/Progress notes must include a written narrative of the unique care being provided for each day the provider is in the home

Conflict of interest

- Any person or family member providing payable services cannot be designated as the Authorized Representative.
 This is considered a conflict of interest.
- A conflict of interest includes Authorized Representatives who work for or are contracted by an individual, organization or entity that concurrently receives monetary payment from DEEOIC for services, supplies or other resources affiliated with any claim.
 - This includes a representative who is a family member or other relative of the claimant receiving a wage, contractual payment, or fee from a medical service provider that the DEEOIC has granted authorization to provide in-home health services for that claimant.
